

ADS-1600W COMPACT WIRELESS DOCUMENT SCANNER

BRINGING PAPER TO LIFE

When your scanner is connected, everyone is connected

COMPACT, WIRELESS SCANNING

Packed with advanced features, the ADS-1600W compact scanner allows you to streamline your document management process without the need for a PC or cables. It effortlessly scans your documents and makes them instantly available to distribute where required, minimising paper clutter without taking up too much office space.

Using a wide range of scan-to functions via the 6.8cm touchscreen, you can scan directly to email or store documents in the cloud so information can be shared across your workgroup. Configure pre-set scan settings for added efficiency when completing frequent tasks which means you can convert hard copies to digital files quickly and easily at the touch of a button.

COLOUR TOUCHSCREEN

Intuitive colour touchscreen menu (6.8cm) with predefined one touch scanning ensures that scans can be sent directly to a desired location with one simple command.

WIRELESS CONNECTIVITY

Scan directly to email and cloud accounts through a wireless network, meaning no need for a PC or cables. Plus, scan to your mobile device with the free iPrint&Scan app.

TIME SAVING

Built for business usage with scan speeds of up to 18 double sided colour pages per minute (36ipm) and a 20 sheet capacity document feeder.

COMPACT

Small footprint makes it ideal for the home or small office at approximately 8cm tall, 30cm wide and 10cm deep. Space-saving design takes up little desktop space and can be easily packed away after use.

RANGE OF SCAN-TO FUNCTIONS

Scans to email, email server, file, image, network, OCR software, SharePoint, USB Host, FTP and Cloud based platforms such as DropBox, Evernote®, Box, Facebook, Flickr® and Google Drive™.

VERSATILITY

Processes a wide range of mixed document materials through the auto sheet feeder, including A4 paper, receipts, ID and business cards.
