Scan & Cut

## Scan & Cut DX SDX900

- Large 3.47" (8,8cm) LCD touchscreen
- Built-in scanner
- Totally standalone - no PC needed
- 682 built-in designs + 7 fonts
- Up to 3mm cutting depth
- Fully automatic blade
- 11.7" (297mm) width cutting area
- Wireless LAN connectivity
- Precise, faster, quieter cutting

★ **TOP FEATURE - Built-in scanner**

Scan virtually anything – a drawing, magazine clipping, cherished photos and more. Create endless cut and draw designs and save to the machine's memory.

★ **TOP FEATURE - Stand-alone**

Create and edit your own designs. The extra-large 3.47" touchscreen makes it easier than ever to edit, zoom and customise with no PC or mobile device required.

★ **TOP FEATURE - Blade sensor technology**

Auto blade detects material thickness, taking out any guesswork. Perfect cut every time.

★ **TOP FEATURE - Cut up to 3mm thickness**

Cut materials like foam and felt effortlessly with the auto blade.

**682 Built-in patterns and 7 fonts**

The SDX900 has something for every project or occasion. Comes with basic shapes, intricate designs, borders, quilt patterns, fonts and more.

**Wireless connection**

Wireless connection allows you to send designs directly from your free CanvasWorkspace account. No need for cables or USB flash drives.

**Direct cut**

Remove the hassle of hand-cutting designs from papers and fabrics. Just scan, highlight and cut! Cutting area of 297mm.

**Background scanning**

Scan and place your design exactly on any leftover pieces of card and fabric. Saving you mis-cuts, time and money.

**Scan-to-cut-data**

Scan, edit and create your own designs. Save and use to cut, draw, emboss, foil or paper pierce\*.  
\*Additional purchase needed for premium functions

**SVG data readability**

Can read SVG files directly - no need to convert first. More time crafting, less time converting.

**Included Accessories:**

- Auto Blade (with holder)
- 2 x Standard Mat 12" x 12"
- Sample cardstock (1pc navy)
- Accessories pouch
- Spatula and pen

# Vinyl Blade Kits

Cut intricate designs on vinyl and heat transfer materials with the new Vinyl Auto Blade. Choose from the two Vinyl Auto Blade Kit options - regular kit or the Disney version with some additional fun Disney designs!

## Never stop creating

Expand your craft even further by adding premium functions and other accessories, like the roll feeder, rhinestone kit, paper piercing, embossing and much more. Additional design collections, like Tattered Lace and Disney ranges are also available additionally.

### Matt-less loading for Roll Stickers\*

With the roll feeder function, you can now load and cut rolled sticker material without the need for a mat\*.

\*Additional purchase of roll feeder necessary. CanvasWorkspace (PC or Mac version) is necessary to be installed to use the Roll Feeder Function.

### Half cut stickers

When the roll feeder is selected the ScanNCut automatically selects the half-cut setting. Just another handy feature from us to help you create with ease!
