

Versatile P-touch desktop label printers

Organise, identify, personalise

Brother's P-touch desktop range of label printers offers versatile solutions for all labelling needs, including SOHO/home office, large office and retail environments, as well as wider business vertical applications.

Compatible with our laminated TZe tapes, all models within the range are capable of creating durable labels that have been rigorously tested to stand up to the harshest conditions. With excellent resistance to water, abrasion, chemicals and temperature extremes, they'll remain legible over time.

Entry level home office labeller

Create decorative labels with various patterns, using the built in keyboard

Graphic display for easy label editing

Preview labels before printing

QWERTY keyboard for easy typing
