# Professional print quality at home

In today's world, more and more of us are working from home. Therefore, we fully understand the need for reliable professional printing from a compact, stylish machine. With these feature rich, fully connected multifunction devices boasting unrivaled build quality, you'll be able to carry out any work-related task from the comfort of your home.

As well as a wide range of professional specifications, created to help you print and scan a variety of documents, with high yield ink cartridges you will also make huge savings on print costs.

There are three multifunction devices within this range, each providing different benefits to make working from home easier and more productive. One of the devices is the latest addition to our All in Box collection – a print bundle initiative designed to help you work better and reduce print costs with 3 years' worth of supplies\* included.

# Helping you achieve more when working from home

## The latest ink cartridge technology

We've reengineered our ink cartridges to hold more ink and created an internal ink storage tank that delivers more pages of uninterrupted printing without sacrificing the compact, desktop size. Also, thanks to the page gauge feature you can check remaining ink levels on your LCD display to help avoid interrupted printing.

## Flexible and easy to use

They don't come much easier to use than these devices, from set up out of the box to daily use. Also, if you're working on large documents these multifunction devices give you the opportunity to focus on your work while it processes your documents. Whether it's printing double sided automatically, thus saving the environment and paper, or using the automatic document feeder for multi-page scanning it's sure to improve your efficiency and productivity.

## Professional print quality

Your workplace may be at home but that should not mean print quality is compromised. With these devices you can expect print quality of the highest order, at quick, hassle-free speeds.

## Scanning technology

As multifunction devices these machines do so much more than print. The scanning opportunities available for example can significantly enhance your productivity from home. You can scan in colour or mono at high speeds to several destinations to boost workflow.

## What is All in Box?

All in Box is a simple yet effective print bundle offering savings in both time and money. It's designed to help you continue printing, whatever the circumstance.

- Choice of feature-rich devices offering print, copy and scan functionality
- Low-cost printing, enough ink for up to 3 years

# New app: Brother Mobile Connect

The way we live and work is changing rapidly, and to support the flexibility required, we've launched a new app. Brother Mobile Connect provides intuitive, time saving functionality to fit seamlessly into a busy life. Print from anywhere, manage documents and keep track of everything in your app.
