Features to optimise your workflow

- High speed output at up to 20ppm
- Wi-Fi connectivity
- 2 Line LCD
- First page out in less than 10 seconds
- Standard paper capacity of 250 sheets
- 2,400 x 600dpi resolution

COMPACT HIGH QUALITY MONO LASER PRINTER

The DCP-7055W has been designed with accessibility in mind. The wireless print capabilities enable content to be taken from any location in the office to the printer, making printing a hassle free task.

COMPACT

As office space is at a premium, the smart robust, compact design of the DCP-7055W is designed to fit in, making it work in even the smallest of spaces.

FLEXIBLE

The manual feed offers flexibility of printing on a range of media types including envelopes and thicker paper. The standard 250 sheet lower tray means you'll be replenishing paper less frequently.

COST EFFECTIVE

The 1,000¹ page toner cartridge, together with the separate drum unit provides exceedingly low running costs, which results in a better total cost of ownership. Additionally a range of cost saving features, including toner save mode and N-in-1 printing allow significant reductions on print costs.

PRODUCTIVE

A first page out time of less than 10 seconds and an impressive print and copy speed of up to 20ppm ensures that print jobs are handled with ease and deadlines are met. The 2 line LCD enables users to get the results they need quickly and easily.

PROFESSIONAL

Thanks to the 2,400 x 600dpi print resolution you'll get sharp crisp text and accurate reproduction of even the finest details on the page. You can produce professional reports and presentations from anywhere in the office thanks to wireless connectivity.

RELIABLE

The DCP-7055W delivers exceptional quality and performance, consistently meeting the needs of the busy office.

“Maximise your printing capabilities with the **DCP-7055W**, the versatile and compact office partner”

BROTHER'S DEVICE MANAGEMENT SOLUTIONS

The DCP-7055W is compatible with a range of utilities for device administration and management:

- **BRAdmin Professional** - A device management utility for remotely monitoring and configuring your printer. Remotely diagnose user issues and setup automatic email alerts for instant notification of printer downtime enabling you to solve potential problems before they impact on productivity.
- **Web Based Management** - Manage and configure a single device by creating a direct connection through a standard web browser.
- **Easy Wireless Installation** - Thanks to its intuitive wireless installation wizard provided on the driver CD-ROM you will spend less time connecting it to your wireless network, improving productivity and leaving you to concentrate on your core business needs.
