At Brother, we understand that at home or at work, every minute counts. Being confident that you have a device that you can trust and rely on, is just as important as the speed and ease of use.

With that in mind, we have invested in what matters to you - straightforward, uncomplicated, exceptional mono laser printing.

The range of 11 mono laser devices, come packed full of uncompromising performance and efficiency features, all in a quiet and compact unit.

**Quiet,
no longer
means slow.**

Quiet without compromise

Print quietly without compromising on speed or quality, operating at the lowest decibel in class (under 50dB). All the models throughout the range are designed to sit on your desk, printing quietly at full speed while you work without interruption.

Designed to go the distance

Built to perform for longer, the new mono laser range has been designed with you in mind. Made from robust and hardwearing materials, and supported by outstanding service as standard. This new range gives you the peace of mind required when running a business.

Designed for the home and office.

Performance designed for the business of tomorrow.

The new mono laser range comes with a host of time-saving features, ensuring that you are never waiting long for that important document. You can now be productive with industry leading print speeds of up to 34 pages per minute, with your first print appearing in just 8.5 seconds from ready mode.

Engineered with 250 sheet paper tray, together with automatic 2-sided print as standard, puts this range into a class of its own.

Quiet, compact 4-in-1 device with auto 2-sided print, copy and scan.

Brother Original Supplies

For toners don't compromise.

Genuine Brother Original supplies are made with you in mind. Not only to guarantee you effortless performance, and save you money in the long run, but also to protect your printer from potential long-term damage caused by using cheap, non-genuine products.

coolearth

Working with you for a better environment

We take our environmental responsibilities seriously, and encourage our customers to do the same by sending us your used Brother ink and toner cartridges for remanufacturing at no cost. We assure you that absolutely nothing goes to landfill and empty cartridges that cannot be reused will be recycled.

In return, Brother donates to rainforest-saving charity Cool Earth. With our support, the charity has saved over 7,000 acres of rainforest from destruction in Peru and Papua New Guinea, protecting a wealth of biodiversity and empowering villages to keep their homes intact. Let's continue to minimise our impact on the environment.
