# Better with Brother

Brother is here to make your job easier. We understand your time is important and that efficiency really matters. From clearly labelled application keys and intuitive menus to on screen prompts, anyone can make professional labels in seconds.

## Drive productivity with confidence

Stay agile, compliant and competitive with purpose-built technology that helps you accurately identify and label network cables and components.

## P-touch label printer range

With P-touch professional labelling tools from Brother, you can print the high-quality labels you need virtually anywhere you need them. These easy-to-use labellers empower mobile workers to quickly create durable labels that leave a lasting professional impression.

# Models for your labelling needs

## Datacom/Telecom/Structured cabling/FTTP/Datacentres

Print on demand and only use the number of labels you need for each job. A suite of included software & available apps provides a variety of options to further increase efficiency and print on demand. Brother Transfer Express with P-Touch Editor can help cut down on labour hours by taking a database file and transferring it wirelessly to select Wi-Fi connected devices. Use the Pro Label Tool app to create preformatted label templates from an iOS or Android device and send directly to the printer or iLink&Label to pair with Fluke's LinkWare Live and bridge the gap between the office where the project originates and the jobsite where the project data is needed integrating testers and labelling tools.

## Pro AV/Security/Smart Buildings

With smart keys for common label types, built-in templates and symbols, and advanced connectivity options for creating labels directly from a database, it's never been easier to accurately label even the largest installations - and simplify future changes.

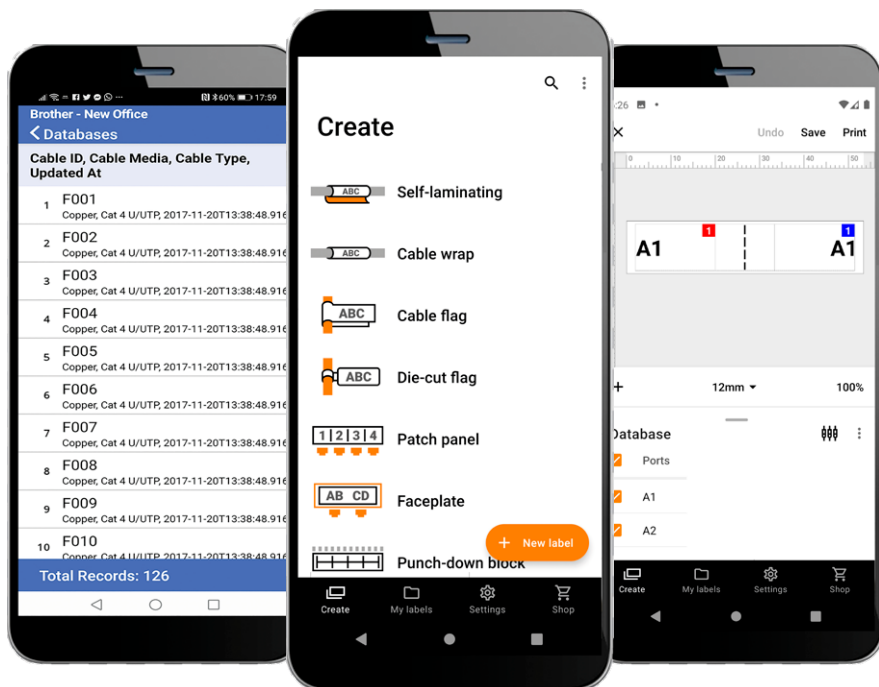

### Applications

- Face Plates
- Patch Panels
- Outlets
- Wireless Access Points
- Data Points
- Other data assets
- Flag labels for Pre Terminated Cables
- Flag labels for Fibre Optic Cables
- Shrink fit labels

# Brother Apps

Brother Apps available on iOS and Android make printing labels easy.

## Pro Label Tool

Customisable industry templates, label creation, and wireless printing

## Transfer Express

House and transfer database files on demand

## iPrint&Label

Create new, customisable templates and labels with wireless printing

## iLink&Label

Download information from Fluke Networks LinkWareLive and transfer to PT-E550W

Turn your smartphone or tablet into a wireless jobsite labelling partner with built-in Wi-Fi on the PT-E550W and Brother mobile apps. Easily serialise a list of labels with the shortcut key and print with a series of automatic halfcuts for easy peeling and application.

### Features:

QWERTY keyboard for easy typing, large backlit display for clear preview, and automatic cutter.

### Serialisation:

Serialise, plus reduce waste and improve efficiency with automatic half-cuts.

### Label types:

Industry-specific predesigned templates, to produce ANSI/TIA-606-C and ISO/IEC 14763-2 compliant labels.

### Compatibility:

Connect to a PC to import a database or saved labels; access mobile apps via Wi-Fi to transfer data and access predesigned label templates.

### Power:

Li-ion rechargeable battery and AC adapter included

# High speed and high resolution printing

## P-touch desktop label printers

### Professional and reliable

Choose from wired and wireless network connectivity to batch print labels from the office. Or a range of optional accessories offers a total mobile labelling solution. Easily connect and print your cable IDs from a CSV database to save time and reduce errors.

Quickly create serialised and barcode/QR code labels, from your computer or smart device, containing detailed information for assets and cables. Compatible with FLe Flag labels for fibre optic cable identification.

## PT-P950NW

All the great features of PT-P900W with added wired network functionality to print labels from several devices at once, including tablets and smartphones.

**Accessories:** Li-ion Rechargeable Battery Pack (PA-BT-4000LI) + Battery Base (PABB002)1: A long-life Li-ion rechargeable battery increases the portability of your labelling process

# Tapes that are tested to the extreme

Brother P-touch laminated labels have been built to last, wherever you use them. With excellent resistance to water, abrasion, chemicals, fading and temperature extremes, they'll never let you down. Meaning when you label something on-site, it stays labelled.
