INTRODUCING
THE L5000 RANGE

Designed for workgroups with high-speed, flexible printing needs, the L5000 range will be a reliable partner in any busy office.

www.brother.eu

BUILT WITH BUSY OFFICES IN MIND.

Brothers new professional printer range provides maximum performance with industry leading security, together with the flexibility to seamlessly integrate into your business.

Maximised performance

Versatile paper handling enables you to add multiple lower trays across the range. This provides maximum device uptime, as less time is spent replenishing paper. With the optional high yield toner cartridges, productivity is enhanced whilst reducing your overall printing costs.

Better reliability

Built to perform for longer and meet the demands of high output work environments, the L5000 range has been remodelled with robust build quality that matches the print needs of today's SMB office environment.

Tighter security

In today's business environment, Brother understands that organisations demand the highest levels of security. The L5000 range includes Secure Function Lock that enables administrators to authorise who can print, copy, scan and fax and who can't, to enterprise level security, where devices can be connected to your network both wired or wirelessly.

Complete flexibility

The L5000 range is designed to seamlessly integrate and meet your business requirements. Designed to be compatible with market leading print management and fleet management tools, this latest range can be tailored to business requirements and enable maximised print efficiency and cost reduction.

Eco-friendly

The L5000 range is compliant with a number of environmental standards including German Blue Angel, Nordic Swan and Energy Star. As a result, not only does it help your business work more efficiently, it is also more energy efficient, reducing impact on the environment.

IDEAL PRINTING PERFORMANCE TO MEET THE REQUIREMENTS OF YOUR BUSINESS.

Designed for ease of integration and flexible media and paper handling options, the L5000 range has a strong line-up of both printers and multifunctional machines.

MFC - L5750DW

PROFESSIONAL ALL-IN-ONE MONO LASER DEVICE

PRINT | COPY | SCAN | FAX

- Print speeds of up to 40ppm
- Scan speeds of up to 48ipm
- Combined paper input of 300 sheets
- Automatic 2-Sided Print & Scanning
- Optional high yield 8,000[1] page toner cartridge
- Intuitive 12.3cm touchscreen LCD display
- High speed wired (10Base-T/100Base-TX) and wireless (IEEE 802.11b/g/n) network interfaces
- USB 2.0
- Wi-Fi Direct

MFC - L5700DN

PROFESSIONAL ALL-IN-ONE MONO LASER DEVICE

PRINT | COPY | SCAN | FAX

- Print speeds of up to 40ppm
- Scan speeds of up to 24ipm
- Combined paper input of 300 sheets
- Automatic 2-Sided Printing
- Optional high yield 8,000[1] page toner cartridge
- Intuitive 9.3cm touchscreen LCD display
- High speed wired (10Base-T/100Base-TX) interface
- USB 2.0

DCP - L5500DN

PROFESSIONAL 3-IN-ONE MONO LASER DEVICE

PRINT | COPY | SCAN

- Print speeds of up to 40ppm
- Scan speeds of up to 24ipm
- Combined paper input of 300 sheets
- Automatic 2-Sided Printing
- Optional high yield 8,000[1] page toner cartridge
- Intuitive 9.3cm touchscreen LCD display
- High speed wired (10Base-T/100Base-TX) interface
- USB 2.0

HL – L5200DWT

PROFESSIONAL MONO LASER PRINTER

PRINT

- Print speeds of up to 40ppm
- Combined paper input of 820 sheets
- Automatic 2-Sided Printing
- Optional high yield 8,000[1] page toner cartridge
- 1 line, 16 character backlit LCD display
- High speed wired (10Base-T/100Base-TX) and wireless (IEEE802.11b/g/n) network interfaces
- USB 2.0
- Wi-Fi Direct

HL – L5200DW

PROFESSIONAL MONO LASER PRINTER

PRINT

- Print speeds of up to 40ppm
- Combined paper input of 300 sheets
- Automatic 2-Sided Printing
- Optional high yield 8,000[1] page toner cartridge
- 1 line, 16 character backlit LCD display
- High speed wired 10Base-T/100Base-TX) and wireless (IEEE 802.11b/g/n) network interfaces
- USB 2.0
- Wi-Fi Direct

HL – L5100DNT

PROFESSIONAL MONO LASER PRINTER

PRINT

- Print speeds of up to 40ppm
- Combined paper input of 820 sheets
- Automatic 2-Sided Printing
- Optional high yield 8,000[1] page toner cartridge
- 1 line, 16 character backlit LCD display
- High speed wired (10Base-T/100Base-TX) interface
- USB 2.0
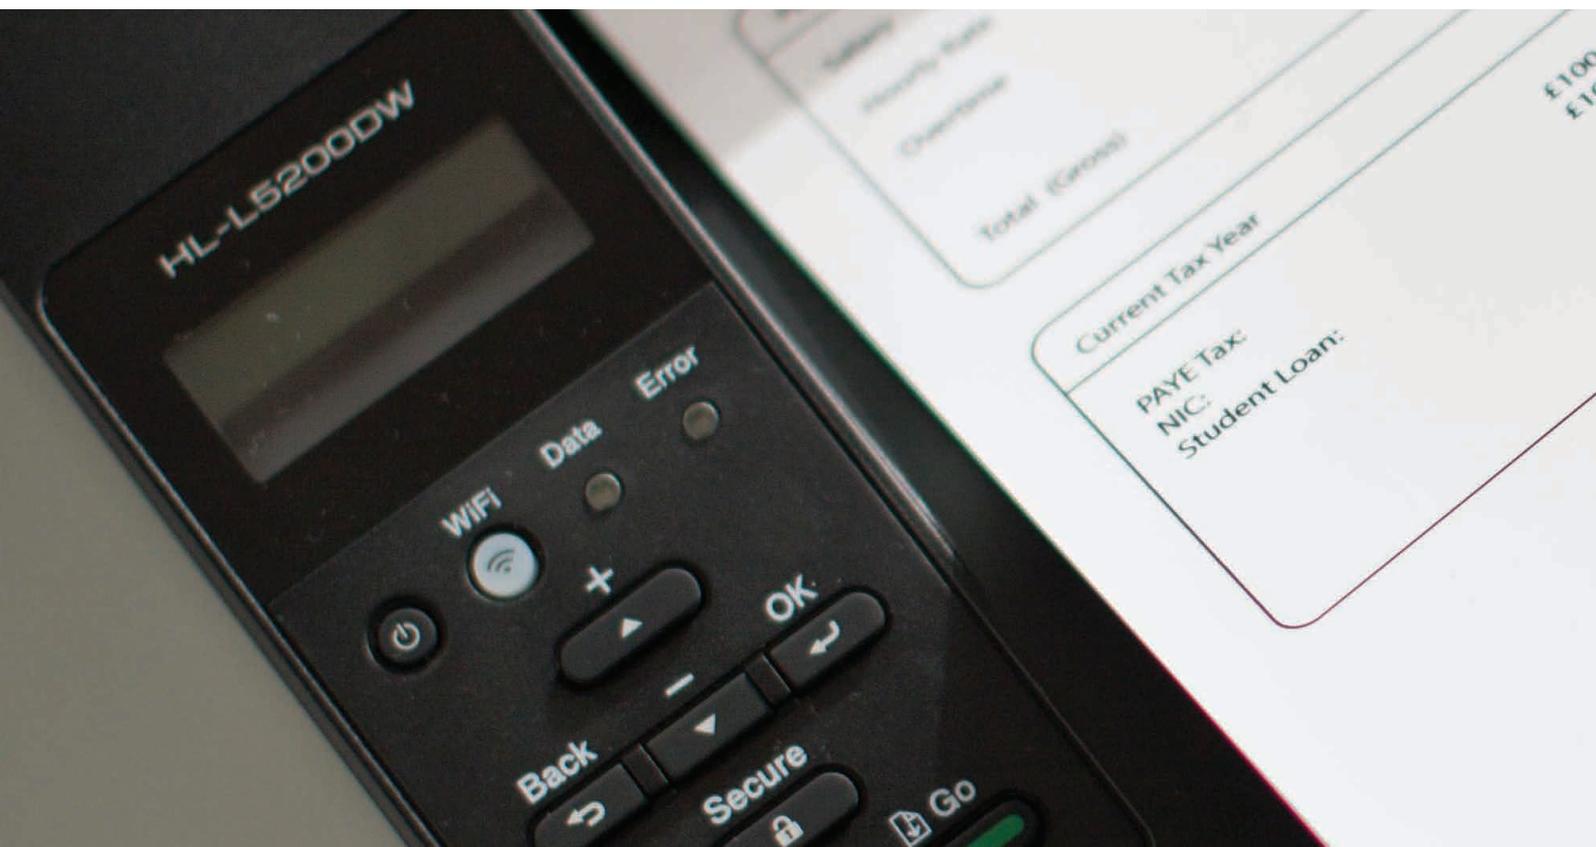

HL – L5100DN

PROFESSIONAL MONO LASER PRINTER

PRINT

- Print speeds of up to 40ppm
- Combined paper input of 300 sheets
- Automatic 2-Sided Printing
- Optional high yield 8,000[1] page toner cartridge
- 1 line, 16 character backlit LCD display
- High speed wired (10Base-T/100Base-TX) interface
- USB 2.0

HL – L5000D

PROFESSIONAL MONO LASER PRINTER

PRINT

- Print speeds of up to 40ppm
- Combined paper input of 300 sheets
- Automatic 2-Sided Printing
- Optional high yield 8,000[1] page toner cartridge
- 1 line, 16 character backlit LCD display
- USB 2.0 and optional parallel connectivity
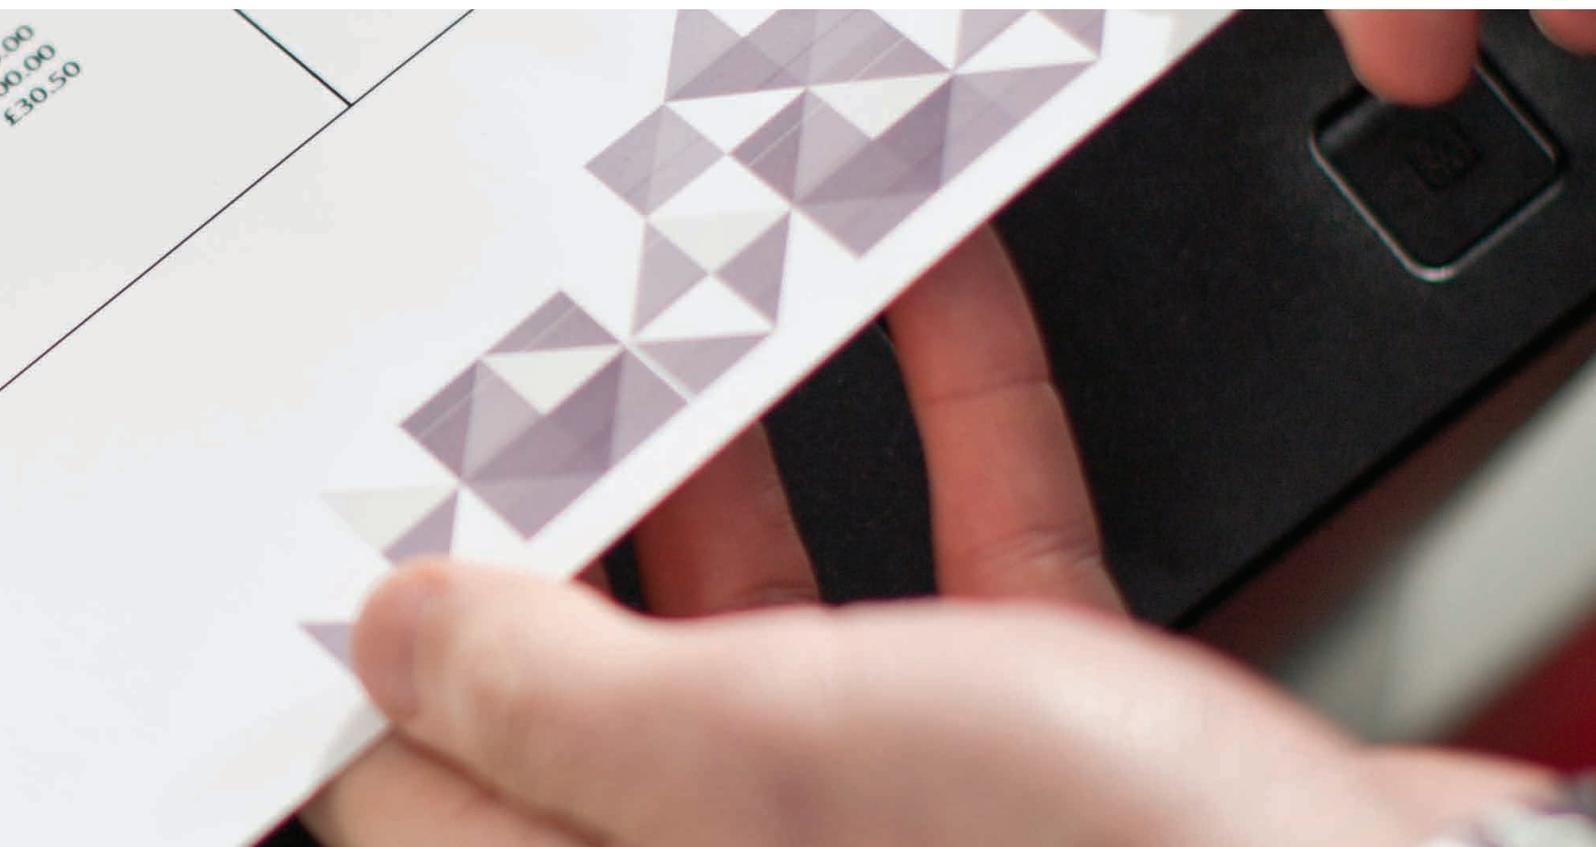

REDEFINING HIGH PERFORMANCE:

To enable you to work as efficiently as possible, the latest L5000 range, has been designed to be compatible with a vast range of mobile solutions. Enabling you to print directly from, or scan to your mobile device.

HIGH QUALITY

High quality mono print resolution ensures consistent output in crisp, sharp detail. This range also allows you to reduce paper consumption by up to 75%. Simply use automatic 2-sided and booklet printing as standard for A5 booklets, to produce your essential business documents.

LOW COST

This range has specially designed features to keep your running costs low. The optional high yield toner cartridges together with the separate drum ensure running costs are kept to a minimum.

Brother's new mono laser range is compatible with a range of mobile device solutions. This will enable you to print from a host of applications and file types:

IPRINT&SCAN

Our iPrint&Scan app offers extremely convenient printing, helping you improve productivity levels.

Brothers iPrint&Scan allows you to print and scan straight from your Apple iPhone, iPad, iPod touch, Android™, Kindle Fire™, Windows® Phone 7, and Windows® Phone 8 mobile devices whenever you're connected to the same network as your printer.

BROTHER PRINT SERVICE

Designed by Brother to work seamlessly with Android 5.0 or later, Brother Print Service Plug-in offers a simple integrated solution for your network. Once installed, you can identify all compatible Brother devices instantly on the network. Simply choose your destination printer and hit print, and the app will take care of everything else.

GOOGLE CLOUD PRINT

Another supported technology is Google Cloud Print, which enables you to connect your printers to the web. You can make your printers available to you and anyone you choose, from the applications you use every day.

Google Cloud Print works on your phone, tablet and any other web-connected device you want to print from.

AIRPRINT

AirPrint allows you to print your email, web pages and documents. There's no software to download, no drivers to install and no cables to connect.

With just a few taps, you can go from viewing something on the screen to holding a printed copy.

WEB CONNECT

Web connect enables you to connect your Brother scanner or All-in-One directly to your favourite third party cloud storage service.

So any scans you make, can be uploaded instantly to Google Drive, Dropbox, OneDrive and other locations from your machine, without any need for a PC, and you can also print directly from these services.

Technical Specifications
