Convenient document scanning

Make everyday document scanning simple with a compact document scanner. Paper documents can be easily scanned and transformed into digital files, reducing the amount of paper you have around the office and improving document security.

Across the range...

Practical and compact

The compact document scanners are ideal when space is limited. Measuring slightly wider than a sheet of A4 paper, you can free-up desk space and reduce clutter.

Versatile media handling

The 20 sheet Automatic Document Feeder (ADF) manages paper up to 128gsm with ease. Whilst a dedicated card slot comfortably handles plastic ID cards up to 1.02mm.

High performance

Scanning up to 25 sheets per minute, your documents can be saved quickly to file, email server, USB host, network and direct scan to PC.

Industry leading software

Easily convert, edit and share documents with Nuance Power PDF. Available as standard on both the ADS-1200 and ADS-1700W, you now have the flexibility to make the changes that you need.

Scanning on the move with the ADS-1200

Scan and save your paper documents whilst you're out of the office. Once plugged into your laptop, you can use the ADS-1200 to scan documents when it's most convenient for you.

Time-saving shortcuts with the ADS-1700W

Scanning to different locations has just got easier. Reduce the time you spend on repetitive tasks with auto start scan. Documents will automatically be scanned as soon as you insert it into the ADS-1700W. Frequently used scan-to destinations can also be setup as one-touch shortcuts on the touchscreen.
