BROTHER'S NEW ADS SCANNER RANGE

Robust, reliable network scanning for multiple users

Reliability, improved business efficiency and employee productivity are key benefits of the new ADS range of desktop document scanners from Brother.

These feature-rich, fully networked models allow multiple users to effortlessly capture, store, retrieve, modify and share documents across a wealth of locations in a variety of file formats without the need for a PC.

The new Brother scanner models utilise an advanced reverse roller system that can handle a range of media types including thick papers, plastic cards and media weights ranging from 27 to 413 gsm(*1).

The advanced image processing features include auto image rotation, deskew, blank page skip and various document clean up tools which means less time spent manually correcting and preparing documents and more time spent focusing on core business tasks. Each model in the range contains a professional software bundle (available for free download) containing powerful programs for Windows and Mac.

ADS-2400N

A compact desktop scanner capable of scanning up to 30 pages per minute. Network connectivity and a 50 sheet document feeder provides multiple users with a reliable, robust scanning solution.

ADS-2800W

With the added benefit of a 9.3cm touchscreen LCD and Wi-Fi connectivity, the ADS-2800W can help improve productivity and get your data digitised faster.

ADS-3000N

A high-end desktop scanner capable of scanning up to 50 pages per minute. SuperSpeed USB 3.0 connectivity and TWAIN compatibility makes this suitable for high volume scan environments.

ADS-3600W

The flagship product in the new range, including 9.3cm touchscreen, Wi-Fi and NFC capability. Suitable for high volume scan environments of up to 5,000 pages per day.(*2)

Visit http://support.brother.com/ for downloads and to register your product.

*1 For best performance it is recommended to use a carrier sheet for the following weights: 27-39 gsm
*2 Maximum number of scanned pages per day can be used to compare designed durability between like Brother products. For maximum scanner life, it is best to choose a scanner with a duty cycle that far exceeds your scan requirements.

*3 Optional free download from the Brother Solutions Centre http://solutions.brother.com
*4 All available with supplied software
*5 Some options may require additional download or subscription
*6 Capacity varies dependent on paper weight
*7 Document sizes larger than A4, but not exceeding A3, can be scanned (single-side) using carrier sheet
*8 Must be web connected
*9 Windows® only
*10 Windows® & Mac® only
*11 Can scan documents longer than A4 size. When using Brother (TWAIN/ISIS) to scan at 200 dpi, the maximum scanning length is 5,000 mm
